## Superior Court.

Wilson county superior court convened this morning, Judge D. L. Ward, of New Berne, presiding. This is Judge Ward's first court in Wilson but he is well known and pleasantly remembered for he was formerly a citizen of our county and for several years practiced law here in partnership with Col. Jno. F. Bruton. when he walked into the court house this morning many of his friends here of former days welcomed him back to the county of his boyhood days. Judge Ward is not only a good lawyer but is also a good judge, a combination seldom found. His judicial temperament, fairness and knowledge of the law has already even in his short while on the bench made him an enviable reputation and an ornament to the bench. His charge to the grand jury this morning was highly complimented both by members of the bar and citizens generally. It was clear, concise and delivered ex tempore without hesitation in an entertaining way. He made the dry subject of law and crimes interesting even to the lay mind.

In his charge he pointed out the duty of the grand jury to inspect the county home and jail and to see if the guardians of orphan children were abusing them and whether there were any orphans in the county without guardians. He described the four capital crimes in North Carolina, murder, rape, arson and burglary and their punishment and dwelt on some of the lesser crimes, stealing timber, taking live stock for temporary use, perjury and others.

Judge Ward stated that he had been requested to charge the grand jury especially on the prohibition laws, and he went at some length into the provisions against the sale of intoxicating drinks.

The grand jury is composed as follows:

A. C. Bardin, foreman; W. T. Privett, B. A. Lamm, J. D. Turner, J. S. Pittman, L. D. Thorne, Cicero Bryant, Frank Aycock, Jacob Tomlinson, W. J. Price, J. L. Bryant, Henry Humphrey, S. P. Thomas, J. R. Woodall, I. T. Stronach, T. A. Fulghum, J. J. Mattox and R. F. Davis.

Our townsman, Solicitor C. C. Daniels, ably represents the state, and is making rapid headway with the dockets.

This morning the following cases were disposed of:

K. V. Stott plead guilty to carrying a concealed weapon and was fined \$10 and costs.

Nathan Baker, carrying concealed weapon; \$10 and costs.

Jesse Falson, carrying concealed weapon; guilty, sentence not yet passed.

Albert Lancaster, assault; plead guilty, judgment suspended.

This morning the following cases guilty, judgment suspended. This case was dismissed by the mayor of this city but later presented to the court. His honor informed the mayor he had no jurisdiction where deadly weapons were used.

Calvin Murray, carrying concealed weapon; thirty days on public roads.

Bernice Winstead, larceny; guilty, judgment not yet announced.

### Stantonburg News.

The closing of the Stantonburg high school, an occasion well worthy of mention, has left Stantonburg somewhat blue. Prof. Arthur Rames, of Wake Forest, who has had charge of the school, left for his home Tuesday, leaving many friends, made by his conduct while in our town. We regret very much to lose Prof. Rames, as his work has been very good.

Miss Annie Stancill, who has been teaching in the high school here, left Tuesday for her home in Selma.

Miss Minnie Walston returned to her home in Saratoga Monday after spending a few days with her brother, Mr. Albert Walston.

Mr. Ed. Exum went to Wilson Tuesday.

Miss Lucy Russell left Wednesday for her home in Rose Hill, N. C. Miss Russell is one of those little girls that makes many friends wherever she goes, and we think she left in Stantonburg some extra good friends.

Mr. Geo. S. Williams, general superintendent of the box factory here, has moved in his new residence on Main street, just recently completed, which is a credit to our town, being a very pretty residence, in a very attractive part of town.

There are several handsome residences going up at present: Those of Mr. R. C. D. Beaman, Mrs. O. L. Barnes and Mr. S. P. Darden, which will add greatly to the place and we are expecting a bank and hotel to be built this summer.

The members of the Epworth League and a few of their friends enjoyed a nice little picnic Saturday on the banks of the Moccasin river. The Epworth League deserves much credit for the work since its organization here.

Mrs. W. H. Jones is very ill.

A very sad death occurred here last Tuesday, when the bright little baby girl of Mr. and Mrs. P. R. Flora was taken away from them almost suddenly.

Hon. Jacob Brown, of Columbia, S. C., who has been with his sister, Mrs. B. F. Briggs, returned home last night.

### What Everybody Wants.

Everybody desires good health which is impossible unless the kidneys are sound and healthy. Foley's Kidney Remedy should be taken at the first indication of any irregularity, and a serious illness may be averted.

Trouble call 49 if you want fresh fish, pork and beef tomorrow. J. B. Piver.

### Don't Look For the Comet.

The Wilson telephone central office called ninety-five of their subscribers this morning to see the comet, but as it appeared so late it was not distinctly visible. The comet will not be visible again until the 21st of this month when it will be visible in the west for four weeks without the aid of glasses. It will afford an interesting appearance between 8 and 10 p. m.

### Farmville School Closes.

Farmville, N. C., May 16.—The closing exercises of the Farmville high school were held in the opera house Friday night. Congressman John H. Small delivered the annual address to a packed house of ardent admirers of this eminent statesman and orator. He spoke an hour on "Altruism," holding the closest attention of even the smallest child in the house.

Supt. H. H. McLean made a brief report of the year's work in this splendid school, showing growth and progress.

Supt. McLean and the entire corps of teachers were re-elected by the board for the next session.

## GENERAL INTEREST

Oxford, May 16.—Judge A. W. Graham has announced himself a candidate for the railroad commissioner'ship for the six-year term. As Mr. Brown has announced his candidacy for the short term as western man there will be no conflict between the two men, as Judge Graham is an eastern man running for the long term.

Washington, D. C., May 16.—Because a grand jury already is investigating the alleged pool in cotton, Attorney General Wickersham Saturday refused to furnish the house with the facts in the possession of the department of justice on which the investigation was based.

Statesville, May 16.—The Republican county convention was held here Saturday and delegates were elected to judicial, congressional and state conventions. Congressman Cowles was endorsed for renomination and Wm. A. Bristol, of Statesville, was endorsed for solicitor. The county organization remains the same.

Lynchburg, Va., May 16.—Dr. Waugh's bulletin on Senator Daniel's condition says:

"It is very gratifying to be able to state tonight that Senator Daniel's condition continues to improve, especially as regards the mental condition. I think that I am warranted in saying that the indications are that his mind will clear up more and more from this time on. He has slept well during last night and today in a natural way. He takes nourishment well, and in considerable amounts, and his physical condition is consequently much better than it was some time back."
